School Services

ABOUT US

At Perry's we are proud of what we do. We have a strong heritage and reputation which we have built up over the last 60 years in our local area. Originally founded in the small village of Slingsby in 1958, the business moved to its current location in Malton in 1996. This puts us in a perfect location at the heart of Ryedale with easy access to York, Scarborough, and the main motorways across the country. We are also situated on the doorstep of the beautiful North York Moors, leading to the North East and beyond.

We operate a modern, reliable and well-loved fleet of vehicles in which each one is seen as part of the family. We have a wealth of experience in every aspect of coach travel, and offer a wide range of school services which can be tailored exactly to your needs. All of our drivers have a full enhanced DBS check as standard, however our own standards are higher than that. Our drivers are friendly, reliable and share our passion to make your experience the best possible. We understand safety is both your and our top priority, therefore all of our vehicles are all fully seat belted and safety compliant. We go over and above the legal standards for safety inspections and servicing and have a 100% first-time MOT Test Pass Record.

SCHOOL DAY TRIPS

If you're planning a school trip for a group of students don't hesitate to give us a call. If you know exactly what you want for your trip we can make a competitive quote for you. If you aren't sure on some of the details for the arrangements of your trip we will be happy to offer our expertise and experience in sorting your arrangements. We understand that schools are on tight budgets and we promise to give you a great price to make that budget stretch as far as possible.

SCHOOL SPORTS FIXTURES

We can take your school sports teams to their fixtures in comfort and style. We have taken teams from local schools across the country to play in competitions and tournaments they have worked hard to get in to. We also can take your teams on short journeys to neighbouring schools for local fixtures. Our vehicles have plenty of capacity for the luggage that accompanies your sports teams, as we are aware that some sports require extra luggage.

We can also arrange regular contracts for school sports such as weekly swimming contracts. If your school uses a facility at another site such as a sports centre or swimming pool we can provide transport to and from this facility.

RESIDENTIAL TRIPS AND EUROPEAN TRAVEL

We have a long standing reputation for offering some of the best coach tours in our area, and we will apply this expertise to your school residential trips. If you are arranging a trip or residential abroad, we have been crossing the channel for nearly 50 years, and can help with your arrangements. In the UK we can help with outdoor activity residentials, trips to London, and private trips tailored to your needs. In Europe, we can help with Battlefield Tours, Music Tours, Language Trips and more. If you are flying or getting the train to your destination, we also offer airport and train station transfers.

PRIVATE HOME TO SCHOOL TRANSPORT

Aside from Council operated Home to School transport routes, we also have experience in setting up and operating private contracts with schools and colleges. We can help your school or college with route planning, timetabling and all aspects of administration, and then operating the contract on a daily basis. Our office is open 9-5 every weekday and you can contact our emergency number out of hours, meaning you will have no issues contacting us or communicating with us during normal operation or in an emergency.

HIGH CAPACITY TRANSPORT

Alongside our regular 16–53 seat vehicles we also have high capacity 70 seat vehicles available for hire. These vehicles are perfect for transporting large groups on a school trip or contract. Our 70 seaters don't follow the stereotype that is often associated with them as they have been completely refitted in the last 2 years which gives them a modern look and feel. If you have more than 70 passengers to transport we can arrange the best combination of vehicles for you to comfortably transport your passengers.

LARGE SCALE EVENTS TRANSPORT & COORDINATION

If you're planning an open day or school/college event in which you need shuttle buses, taking large groups to pantomimes and theatres or are planning a rewards trip for your students you are going to have to transport high numbers of people at once. We have lots of experience in moving large numbers of people for events like these and the total capacity of our entire fleet is almost 1000 seats. Some events we have previously provided transport for include The Malton Festival of Racing and Malton Stables Open Days, Malton Food Festival and Large Corporate Events. We have also provided transport for school reward trips, taking several hundred students to Theme Parks. We can also help coordinating these events if required.
